

Samoa

Samoa has established itself as a trusted Pacific jurisdiction for offshore company registration, offering modern legislation, strong confidentiality, and a fully tax-free corporate framework. Through Samoa offshore company registration, entrepreneurs and investors can form an International Business Company (IBC) that pays no corporate income tax, capital gains tax, or withholding tax.

A Samoa IBC is widely used for asset protection, intellectual property structuring, and international trading activities. There are no restrictions on foreign ownership, no local director requirements, and no exchange controls, giving maximum flexibility for global operations.

The registry is efficient, and most incorporations are completed within 24 to 48 hours with electronic corporate documents provided.

International Business Company

Incorporation in 2 days or less

Flexible structures for holding, trading, or IP use

No annual audits for most Vanuatu IBCs

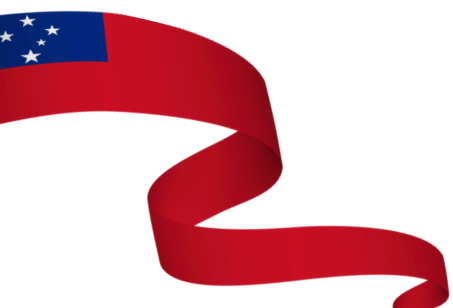

Transparent renewals

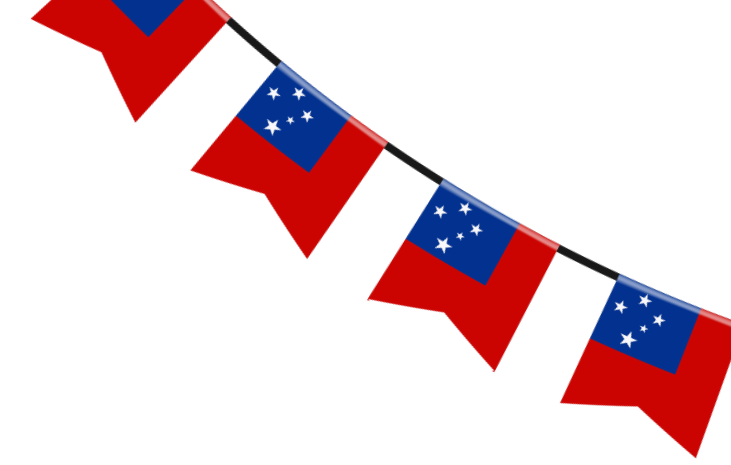

Banking support to open multi-currency offshore accounts

To register an offshore company in Samoa, you must choose a unique company name, appoint at least one director and one shareholder, and submit the required incorporation documents to the Samoa International Finance Authority (SIFA). The incorporation process typically takes one to three business days. All Samoa International Business Companies (IBCs) must have a registered agent and a local office within the jurisdiction to comply with the International Companies Act 1988.
